

**BSD Postdoc Association Weekly Bulletin
December 3rd, 2008**

SUMMARY:

- 1. The BSD Postdoctoral Association Seminar on "H-1B Immigration Status" (12/5)**
- 2. REDACTED – NO INFO SESSION IN DECEMBER**
- 3. Special Seminar: "How to Complete an IACUC Protocol"**
- 4. The 6th Annual Howard T. Ricketts Symposium On Microbiology (12/5)**
- 5. Job Posting: Albany Medical College Faculty Position**
- 6. Job Posting: Oncology Group Director**
- 7. NIH Funding Opportunities and Notices**
- 8. Academic Keys: Academic Job Listings**

1. BSD Postdoctoral Association Seminar Series Presents:

"H-1B Immigration Status"

**Mary Schnetz
H-1B Adviser
Office of International Affairs**

Friday, December 5th
4:00pm
BSLC 205

All BSD Postdocs, Staff and Students Welcome!
Food and drinks provided by BSD Office of Graduate and Postdoctoral Affairs
Biological Sciences Division, The University of Chicago

BSD Postdoctoral Association
<http://www.uchicago.edu/bsdpostdoc>
Contact: Guoqing Lin, glin@bsd.uchicago.edu

2. REDACTED – NO INFO SESSION IN DECEMBER

3. Special Seminar: "How to Complete an IACUC Protocol"

Dr. George Langan
Wednesday, Dec.10, 2008
11 am—12 pm
Room P-117

1. The BSD Postdoctoral Association Seminar Series Presents:

"Human Tissue Resources at The University of Chicago"

Maria Tretiakova, MD, PhD
Director of Human Tissue Resource Center

Friday, Nov 21, 2008 at 4:00pm
Biological Sciences Learning Center- 205

All BSD Postdocs, Staff and Students Welcome!

**Food and drinks provided by BSD Office of Graduate and Postdoctoral Affairs
Biological Sciences Division, The University of Chicago**

BSD Postdoctoral Association
<http://www.uchicago.edu/bsdpostdoc>
Contact: Guoqing Lin, glin@bsd.uchicago.edu

2. The 6th Annual Howard T. Ricketts Symposium On Microbiology

SPEAKERS:

"Influenza Pandemics: Past and Future"

Yoshihiro Kawaoka, Ph.D.

**Professor in Pathobiological Sciences
School of Veterinary Medicine
University of Wisconsin**

"Host-Parasite Interactions in Pneumococcal Carriage and Disease "

Birgitta Henriques Normark, M.D., Ph.D.

**Professor in Medical Microbial Pathogenesis
Microbiology and Tumorbiology Center**

Karolinska Institutet

"How do Gram-Positive Bacteria Handle the Oxidative Environment in the Respiratory Tract? "

Staffan Normark, M.D., Ph.D.

**Professor in Medical Microbiology
Microbiology and Tumorbiology Center
Karolinska Institutet Center**

"Retroviral Evasion of Immune Defense: Can We Overcome It?"

Tatyana Golovkina, Ph.D.

**Associate Professor in Microbiology
Department of Microbiology
University of Chicago**

Biological Sciences Learning Center Room 115

924 East 57th Street

December 5, 2008

1:00 pm — 5:00pm

Sponsors: Committee on Microbiology, Department of Microbiology, and the Great Lakes Regional Center of Excellence for Biodefense & Emerging Infectious Diseases Research

5. Job Posting: Albany Medical College Faculty Position

[Assistant/Associate Professor](#)
[Center for Cell Biology & Cancer Research](#)
[Albany Medical College](#)

The Center for Cell Biology & Cancer Research at the Albany Medical College announces the availability of a tenure-track faculty position at the Assistant or Associate Professor level. The successful candidate's research will interface with scientific programs within the Center which has a strong focus on tissue remodeling, tumor microenvironment, inflammation and fibrosis, and tumor growth/metastasis. Candidates will have the opportunity to be affiliated with the Cancer Genomics Center at the State University of New York's East Campus. Studies by Center faculty concentrate on molecular mechanisms regulating cell adhesion and motility, angiogenesis, growth factor- and matrix-dependent signal transduction, transcriptional control of cell fate, tumor-stroma interactions and targeted therapy of cancer. The applicant will be expected to develop an extramurally-funded research program emphasizing molecular and/or genetic approaches to problems relating to these focus areas. Candidates using animal models that mimic stages in human cancer progression are

encouraged to apply.

Qualifications include a Ph.D. degree and a demonstrated track record of excellence in research. Associate Professor candidates are expected to bring an externally-funded research program. All faculty in the Center participate in the teaching missions of the College graduate and medical schools.

Full consideration will be given to those applications received by **January 1, 2009**. **Curriculum vitae, description of research interests, and at least three letters of recommendation are required; providing copies of published papers is strongly encouraged. All materials should be submitted to:**

Paul J. Higgins, Ph.D.
Center for Cell Biology & Cancer Research (MC-165)
Albany Medical College
47 New Scotland Avenue
Albany, New York 12208

6. Job Posting: Oncology Group Director

We are currently seeking a Group Director who will be the leader of the Oncology disease biomarker team, accountable for biomarker planning and delivery within a matrix organization.

The successful candidate will have a solid background in cancer biology with expertise in genomics, proteomics and molecular pathology. The team leader will be responsible for biomarker strategic planning and implementation of specific assays to meet program objectives at multiple points during early development. The TA leader collaborates closely with colleagues in early discovery and clinical development to support compound development plans including response prediction, safety, proof of mechanism and proof of concept studies. This position requires familiarity with biomarker and diagnostic tools including application of biochemical, genomic, and imaging technologies for the identification, development and implementation of novel biomarker measurements. The Oncology biomarker leader will be responsible for data generation, interpretation and communication to internal and external stakeholders. Excellent leadership, mentoring, communication and partnering skills are essential to success in this position.

Location: Lawrenceville, NJ

Position Requirements:

- PhD with a minimum of 10 years postgraduate experience
- Intimate knowledge of cancer biology and exploratory drug development
- Broad range of biomarker discovery technologies including genomics and proteomics
- Experience with analysis and interpretation of complex data sets
- Excellence in Translational Research and application of diverse skills to guide early clinical development and biomarker strategy
- Strong Scientific and Leadership skills are essential

If you are interested in the above opportunity then follow the instructions below:

• **Go online to <http://www.bms.com/career/data/> and register to view current career openings and apply to Job Number #26463**

- Register your resume and create a search agent for interest in future openings.
- Please be aware that you must apply online via our web site to be officially considered an applicant to any Bristol-Myers Squibb job posting.

Bristol-Myers Squibb Company is an Equal Opportunity Employer M/F/D/V
